REPORT

OF THE

COURT OF WARDS,

NORTH-WESTERN PROVINCES.

No. $\frac{739}{X-104}$ OF 1887.

FROM

C. J. CONNELL, ESQ., C.S.,

Offg. Secy. to the Board of Rev., North-Western Provinces.

To

THE SECRETARY TO GOVT., N.-W. P. AND OUDH,

REVENUE DEPARTMENT.

DATED ALLAHABAD, THE 10TH AUGUST, 1887.

SIR,

Present:
J. C. ROBERTSON, ESQ., C. S.
Offg. Junior Member.

Introductory.

I AM directed to submit, for the orders of His Honor the Lieutenant-Governor and Chief Commissioner, the annual report on the administration of estates held under management by the Court of Wards, for the revenue year 1885-86, ending on the 30th September, 1886.

2. The Junior Member regrets that the report is so long overdue. Every endeavour was made by the Board to secure punctuality, but great delay was allowed to occur in some Commissioners' offices in the submission of individual reports to the Board. The last reports to be received were those of the Mohreni and Ram Saran Das's estates from the Commissioner, Meerut Division, which were kept lying in his office for a period of five months, and did not reach this office until 25th April. The Mohreni statements were then found so full of errors that further explanations had twice to be called for, and up to the time of writing this report a final reply has not been received.

3. This is most unsatisfactory, and not the least unsatisfactory feature in the case is that the only reason offered by the Commissioner as an excuse for this very great delay is "excess of work;" consequently there is no reason why similar delay should not occur in future reports. The 1st December is the date on which all expenditure reports are due in the Board's office, and no less than seventeen of these reports were received at dates varying from two to four months after that, nine of these being from the Meerut Division, three from Agra, four from Rohilkhand and one from Allahabad. It is only fair to remark that, so far as the Board are aware, the unpunctuality occurred in the offices of the Commissioners and not in those of the Collectors, and certainly this was the case in the Meerut cases referred to in the preceding paragraph.

Number of estates under management during the year.

4. At the close of 1884-85 the number of estates under management was 116. During the year of report 15 estates were released, and nine were taken under charge by the Court of Wards. The net number under management during the year was thus 110.

Estates released during the year.

5. The estates released during the year were as follows :—

Jaroda estate, Saháranpur district.—This small estate, composed of shares in two villages, was made over to the Collector for management under Act XL of 1858, by order of the Judge of Saháranpur, dated the 4th February, 1881. When charge was assumed the estate was encumbered with debts amounting to Rs. 1,277-10-0. A loan of Rs. 1,300 at 7per cent. was taken from Karam Ali Khan's estate at the close of 1881 ; of this Rs. 571 were still due when the estate was released. The instalments of principal and interest had been punctually paid ; and the rental demand was realised in full every year. As the estate was in debt no improvements were attempted. The property was with the permission of the Civil Court made over to the ward, Raghubar Singh, on his attaining his majority on 15th April, 1886.

Til Begampur, Bulandshahr district.—This estate consisted of 15 biswas of land in mauza Til Begampur and was placed under the Collector's charge by the Judge of Meerut in 1875. It was purchased originally by Mr. T. B. Skinner for his minor son, W. Skinner, with money borrowed from one Lachhman Sarup, to whom the property was mortgaged with possession, who, after meeting the Government demands, paid the ward Rs. 700 annually. A short time before the release of the estate the mortgagee obtained a decree for Rs. 10,000, the amount due on the bond. The property was sold on 21st December, 1885, and the sale proceeds sufficed only to satisfy the decree. The estate was, with the consent of the Civil Court, released on 28th April, 1886, and the ward, W. Skinner, was made over to his father, Mr. T. B. Skinner, who was appointed his guardian by the Judge. On the date of release, there were Rs. 236-3-8 in cash and a Government Promissory Note for Rs. 500 belonging to the estate. These were delivered to Mr. T. B. Skinner.

Chaumuha Shahpur, Agra district.—The Chaumuha estate was released on the 2nd of July, 1886, when the minor, Padam Singh, came of age. The debts due on assumption of charge in 1881, amounted to Rs. 3,819, to defray which a loan of Rs. 4,000 was made from the funds of the Awa estate. The normal income of the estate on release was Rs. 1,369 against a Government demand for land revenue and cesses of Rs. 2,084-8-9. The estate also owed a balance of Rs. 2,710 principal, and Rs 757 interest, to the Awa estate, and a small balance of takávi due to Government. The income of the estate has declined from year to year owing (1) to drought ; (2) to the breaking of the Ajain bund ; (3) the destruction of crops by wild cattle from the Bharatpur State. The Commissioner recently reported the estate to be in a hopeless condition, and he and the Collector of Agra are of opinion that Padam Singh, the proprietor, will soon find it impossible to manage his property, and that the whole estate will lapse into a jungle, pure and simple. The Government demand for land

revenue was at the time of release in arrears to the extent of Rs. 3,978, which will in all probability have to be remitted. The villages comprised in this estate were among those in which reductions were granted by G. O. No. $\frac{1699}{1-859}$, dated 6th December, 1886.

Bhareh or Raj Bhareh estate, Etáwah district.—This estate was taken under management in 1855 on behalf of the minor Rája Mohendra Sinha. The management of the Court of Wards continued till 1870, when the Rája attained his majority. Between 1860 and 1870 the rental increased by Rs. 8,500, and while a debt of Rs. 40,000 had been cleared off, a surplus amounting to Rs. 1,00,000 was in hand when the estate was released. Rája Mohendra Sinha died without issue in September, 1871, and the estate was a second time taken under charge, the disqualified owner being Rani Baisni, widow of the Rája. In July, 1877, Rup Sinha, uncle of the deceased Rája, sued for possession of the estate in virtue of a custom in the family which was said to grant succession to the nearest and eldest male relative. The suit was dismissed by the District Judge, and again, on appeal, by the High Court. Rup Sinha then appealed to the Privy Council, and obtained a decree in March, 1884, under which he took possession of the properties scheduled in his original plaint, on the 3rd August, 1884. As the decree did not entitle Rup Sinha to mesne profits or investments thereof, the following properties and a cash balance of Rs. 2,719-2-7 were retained by the Court of Wards until otherwise directed by the Civil Court :—

(1) Sirsai Nawar estate held under usufructuary mortgage for a debt of Rs. 21,300 advanced from the Bhareh estate.

	Rs.	a.	p.
(2) Two biswas of mauza Gopalpur and two biswas of Chhabrauli, pargana Bhartna, held in usufructuary mortgage for ...	642	14	0
(3) Two biswas of mauza Gopalpur and two biswas of Chhabrauli, pargana Bhartna, held under usufructuary mortgage for	936	14	6
(4) Ten biswansis of Gopalpur and 10 biswansis of Chhabrauli,...	257	2	0

These properties and Rs. 10,351-10-9 in cash were made over to Rája Rup Sinha under orders of the Judge of Mainpuri, dated 11th May, 1886.

During the last term of management Rs. 34,358 were laid out on works of improvement : of this sum Rs. 13,523 were expended on wells and embankments, and Rs. 20,835 on various other works.

Sirsai Nawar estate, Etáwah district.—This estate owned by four brothers, Lachhmi Narain, Rooti Ram, Bansidhar and Padam Singh, minor sons of the late Kishen Prasad, the head of a Manikpuri Brahman family, which once held estates in the Etáwah district, was taken under the Court of Wards' management under clause (*b*) section 194, Act XIX of 1873 at the instance of the local officers in 1876. The superintendence of this property was assumed with a view to arrangements being made for the satisfaction of a decree for Rs. 28,485 against the estate which an Etáwah banker had obtained in the court of the Sub-Judge of Mainpuri. To clear off these liabilities a loan of Rs. 26,000 at 10 per cent. per annum was raised from an Agra banker. Subsequently, when this loan was reduced by Rs. 4,000, the Collector, finding the rate of interest excessive, recommended a loan on easy terms from the funds of the Bhareh estate. This proposal was approved by the Board, and a loan of Rs. 22,000 at 7 per cent. was sanctioned in G. O. No. 1581, dated 11th July, 1883, the Sirsai Nawar estate being placed under a usufructuary mortgage in favour of the Bhareh estate.

In 1884 Rája Rup Sinha, as above stated, obtained a decree from the Privy Council to succeed to the Bhareh estate, and the Sirsai Nawar estate was under orders of the Judge of Mainpuri made over to him under the terms of the mortgage deed. On 4th April, 1886, the youngest ward attained his majority, and the three elder wards,

Lakshmi Narain, Reoti Ram, and Bansidhar, who had been disqualified under clause (*g*) section 194, Act XIX of 1873, were released from the supervision of the court by G. O. No. $\frac{1078}{1-467}$, dated 15th July, 1886.

The payments made towards the principal and interest since the first assumption of charge of the estate by the Court of Wards were—

	Rs.	a.	p.
Principal	10,971	11	4
Interest	22,817	12	0
Total ...	33,789	7	4.

The original debt, which amounted to Rs. 28,484-1-0, was reduced to Rs. 17,512 during a period of ten years of the court's management. The rent-roll of the estate at the time it came under Court of Wards was Rs. 10,710 ; during the court's management it increased to Rs. 12,541. The embarrassed circumstances of the estate did not admit of any important improvements being carried out.

Sherkot estate, Bijnor district.—Superintendence of the estate was assumed in March, 1872, on behalf of Rani Badam Kunwar, on the death of her husband, Chaudhri Basant Singh. Shortly afterwards one Chaudhri Ghasa Singh instituted a suit to obtain possession of the entire estate. The High Court decreed his claim on appeal, and he was placed in possession of the property ; but owing to his physical defects and infirmities, after he had been only six weeks in possession of the estate, it was found necessary to declare him incompetent, and the property again came under the management of the court. Meanwhile Rani Badam Kunwar made an unsuccessful appeal to the Privy Council. Chaudhri Ghasa Singh died on 22nd September, 1877, and the estate remained under the court on behalf of his adopted minor son, Ranjit Singh. Some ancestral property of Ghasa Singh, consisting of villages and shares of villages with a rental of Rs. 5,402, were at the same time added to the estate. When the estate came under the Court of Wards in 1872, it comprised 140 villages or shares of villages paying Rs. 62,015 Government revenue. Of these villages nine, with a recorded rental of Rs. 3,361 and a Government demand of Rs. 517 for revenue and cesses, were in the possession of the estate under a mortgage of Rs. 24,890. Eight of these were subsequently redeemed and one remained in the possession of the court. During the period of superintendence, besides paying off debts amounting to Rs. 59,685, landed property yielding an annual income of Rs. 7,872, and paying Rs. 2,764 on account of revenue and cesses, was purchased for Rs. 82,370. A sum of Rs. 84,484 was spent on works of improvement, including Rs. 27,279 expended in the construction of 44 masonry wells. The expenditure on the education of Ranjit Singh who was educated at the Wards' Institute, Benares, and at the Bareilly High School, amounted to Rs. 17,806, and during the year preceding the release of the estate he was instructed in the management of his property. The property was made over to him on 30th July, 1886, the date on which he came of age. At the time of release the estate had Rs. 58,000 invested in Government Promissory Notes, Rs. 1,74,142 in loans, and a cash balance of Rs. 11,280.

Kazi Muhammad Abbas' estate, Moradabad district.—This estate was originally taken under direct management by the Collector in 1859 by order of the Judge, with a view to clearing off the proprietor's debts, then amounting to some Rs. 55,000. Up to 1875 comparatively little was done towards clearing off the debts. In June, 1876, the Board, considering that the estate was being mismanaged, directed that it should be administered in accordance with the Court of Wards' rules ; but it was not taken formally under the Court of Wards, nor was the proprietor declared disqualified so as to prevent him from raising fresh loans on the security of the estate.

In 1880 it having been discovered that the Kazi had availed himself of the fact of his not being declared disqualified to contract fresh debts amounting to about

Rs. 60,000 and the Nawab of Rampur, having been induced to offer a loan of Rs. 70,000 (free of interest) on condition that the estate was taken under the Court of Wards, the Kazi was, on his own application, declared by Government to be disqualified from managing his estate.

The estate has been engaged in the following important litigation :—

(*a.*) A suit was brought by one Kazi Tafazzul Husain, a relative of the proprietor for over Rs. 6,000 on a mortgage executed in 1858 by Kazi Muhammad Abbas in favor of the plaintiff's mother. When the estate was attached in 1860, the Civil Court ordered that this debt should be discharged after all the other creditors had been paid, and that meanwhile the mortgagee should only hold a lease of the mortgaged villages. The defence set up was that the mortgage deed was fictitious. The Court of First Instance decreed against the Court of Wards.

(*b.*) A decree for Rs. 981 was also obtained in 1860 by one Sahu Mukand Ram. The Civil Court directed that this should not be executed until certain outstanding claims against the Kazi (for the satisfaction of which his estate had been made over to the Collector) had been satisfied. In 1881 Mukand Ram applied for execution of the decree. There was some doubt as to whether the application was barred by limitation or whether the decree had not been kept alive by the Civil Court's order. Though the Board thought that the preferment of this claim, which had not been advanced before, was suspicious, it was finally satisfied.

In pursuance of the policy of Government that the Court of Wards should be relieved of the charge of encumbered estates held with a view to clear off their liabilities, this estate was released on the 30th June, 1886, the balance of the loan advanced by His Highness the Nawab of Rampur, as well as some other debts, being paid off from the sale proceeds of the Bantawala, Madhpuri, Ramanwala, Sekhu and Sherpurbohlin villages, which amounted to Rs. 43,800. At the time of release of the estate the only debts which remained unpaid were those due to Dayam Khan and the Rája of Káshipur, the total amount of which was Rs. 6,877-5-4, including Rs. 1,046-3-1 on account of interest. The Collector was instructed to leave the proprietor to settle these debts after he was placed in possession of his estate.

Alapur estate, Budaun district.—This small property was placed under the Collector's charge in 1876 by order of the Civil Court, under Act XXXV of 1858. The management was entrusted to the wife of the lunatic proprietor, who conducted it efficiently, and on 6th March, 1886, the estate was, with the consent of the Civil Court, released from the superintendence of the Court of Wards.

Powayan estate, Sháhjahánpur district.—In 1878 Rája Jagan Nath Singh presented a petition to Government, complaining that his estate was over-assessed at the last revision of settlement. The petition was rejected, but Government promised to consider favorably any further application to bring the estate unconditionally under the superintendence of the Court of Wards. Subsequently the Rája was on his own application declared disqualified from managing his property (G. O. No. 305, dated 19th February, 1880) and the Court of Wards assumed charge of the estate. In spite of careful management for five years the Government revenue was paid with difficulty ; reductions of the jama were found necessary, and in January, 1886, reductions in land revenue of Rs. 6,580 and cesses of Rs. 790 were granted. Subsequently a sum of Rs. 26,880 representing suspended balances of revenue and cesses from 1883 to 1886 was written off as irrecoverable. These measures tended greatly to the relief of the estate, which at the time of assumption of charge was heavily involved and greatly disorganised. During the management of the court the condition of the estate rapidly improved. Debts amounting to Rs. 1,15,241 were paid off: Rs. 14,481 were expended on the purchase of landed properties, and Rs. 20,619 in improvements. The estate was restored to the owner on the 1st April, 1887.

Deoria estate, Pilibhit district.— Superintendence of this estate was assumed at the commencement of 1877-78, on behalf of the minor proprietors, Hari Singh and Umrao Singh. The estate consisted of four whole villages and shares in four others, with a recorded rental of Rs. 2,769 and Government demand of Rs. 2,019. Two of the villages were in the possession of mortgagees, being hypothecated for a sum of Rs. 8,000. The total liabilities of the estate including this mortgage amounted to Rs. 12,560, the balance being due under a decree. The debts due to the estate aggregated Rs. 5,584, all of which was afterwards found to be irrecoverable.

Hari Singh, the elder minor, died on the 14th May, 1879, and his share of the property devolved upon Umrao Singh. The jama of two villages was, on the recommendation of the Board, reduced for a term of seven years. In 1880-81 the rental demand rose to Rs. 5,663, the increase being chiefly due to the redemption from mortgage of the two villages, which was effected by a loan of Rs. 12,500 from the funds of the Sherkot estate in the Bijnor district (sanctioned in G. O. No. 1142 of 3rd July, 1880) and to the release of a share attached for arrears of the Government demand. Umrao Singh attained his majority on 1st October, 1886, on which date the estate was released. The Sherkot loan was reduced to Rs. 6,095 by the date of release ; the recoverable rental arrears amounted to Rs. 884 ; and the estate had a cash balance of Rs. 1,957. Only Rs. 328 were laid out in improvments, the estate being too heavily indebted to permit of further expenditure. Umrao Singh was educated up to his position in life, and instructed in the management of his property.

Muminpur Rathgaon estate, Cawnpore district.—This estate, consisting of two whole villages and a share in one village, was made over to the Collector by an order of the Judge, dated 3rd May, 1864, under section 11, Act XXXV of 1858. The proprietor, Alam Ali Khan, a lunatic, died on 10th February, 1885, and the property was, on an indemnity bond being executed, surrendered to the persons who claimed to be his heirs. The rent-roll had risen from Rs. 4,349 in 1864 to Rs. 5,218 when the estate was released. The estate had Government paper of the nominal value of Rs. 2,500. The sale proceeds of this and the cash balance of Rs. 5,272 were distributed among the heirs according to their respective shares.

Dubari estate, Azamgarh district.—This estate was conferred, on the restoration of order after the mutiny in 1857, on Mr. W. Venables, in recognition of the very distinguished services of his deceased brother, Mr. E. F. Venables. After the death of the grantee the estate was, at the request of his widow, placed under the Court of Wards in 1875. It then comprised five-sixths of the eleven villages of taluqa Dubari, and fractional shares in 21 villages in the ilaqa of Nainijor, all in the Azamgarh district. The property, though disorganised, was then free from debt and Rs. 1,483 were due to it from a former lessee. The rent-roll was Rs. 11,968 and the Government demand with cesses Rs. 3,900. In a few years the rent collections rose to Rs. 15,000, and in the last year of management the rent-roll amounted to Rs. 17,000.

During the ten years for which the property was under the management of the Court of Wards, Rs. 94,500 of the surplus collections of the estate, Rs. 11,085 raised by loan from the Allahabad Bank, and Rs. 7,500 the sale proceeds of Nainijor, which was disposed of at her request, were remitted to Mrs. Venables in England. The average annual remittances thus exceeded Rs. 11,000. The money borrowed from the Allahabad Bank was repaid. Shortly before the estate was released the Court of Wards received notice from Messrs. Blands and Witherington, Solicitors, Reading, that Mrs. Venables had created certain charges on it. On the advice of the Legal Remembrancer it was explained to the solicitors that all contracts of the kind made by her while her property was under the Court of Wards were void. In October, 1884, Mrs. Venables applied to the Government of India offering to sell her estate to Government. The purchase was declined, and as her eldest son had come of age formal notice was served on her that the estate would be released on 1st April, 1886.

Mrs. Venables neglected, however, to make arrangements for the transfer of charge of the property by that date, and it could not in consequence be released to her agent before June 30th. The demands made by Mrs. Venables for money prevented the Court of Wards from laying out as much on improvements as it otherwise would have done. Twelve masonry wells were built, bands were repaired, and fruit trees planted out. Despite the injury caused to it by erosion of the river Gogra, the property steadily improved and was of considerably higher value on its release than it was when it came under the management of the court.

Sunwani estate, Ballia district.—This rent-free estate was granted by Warren Hastings, in 1782, to Munshi Shariyat-ullah Khan. The duration and validity of the grant were disputed and questioned from time to time by Government, but by a decision of the Sadr Diwani Adalat of the North-Western Provinces, dated 17th December, 1860, the grant was declared to be absolute and perpetual, to be held without payment of rent or revenue by the grantee or his heirs. Shariyat-ullah, the original grantee, died in or about the year 1784, leaving two widows, Musammats Talmand and Jugna Khanam, and a son Ghulam Ahmad by the former, and a daughter Hassina Bibi by the latter. Ghulam Ahmad the son, who succeeded his father, died in 1811, leaving a widow Musammat Mauji Bibi. A dispute arose at his death among the surviving members of the family, which was ultimately settled by a compromise whereby the estate was divided as follows :—

Musammat Talmand, 4½ annas, Musammat Mauji Bibi, 3½ annas, Musammat Jugna Khanam, 3 annas, Musammat Hassina Bibi, 5 annas.

After the death of Musammat Mauji Bibi, her brother brought a suit for a share of her property, but his claim was dismissed in 1835. In this year Musammat Talmand also died, and the property was again divided by mutual consent of the survivors, Musammat Jugna Khanam receiving a 2-anna share and the remaining seven-eighths, or 14 annas, being equally divided between Musammat Hassina Bibi and her daughter Masuma Bibi. Hassina Bibi subsequently succeeded to the 2-anna share of Musammat Jugna Khanam on the latter's death. She thus became possessed of a 9-anna share of the property and forthwith executed a sale-deed of her share in favor of her second husband, Munshi Jalal Bakhsh. On the death of Hassina Bibi, her daughter Masuma Bibi, brought an unsuccessful suit to set aside the deed of sale. This failing, she sued Jalal Bakhsh for the amount of her mother's dower and certain other sums, and obtained a decree which was upheld on appeal by Her Majesty's Privy Council. In execution of this decree the 9-anna share of Jalal Bakhsh was sold by auction, and purchased by Musammat Masuma Bibi as decree-holder, who thus became possessed of the whole estate.

In June, 1869, the entire estate, which was held by Musammat Masuma Bibi, was at her earnest solicitations placed by order of the Local Government under the management of the Court of Wards. Before this, however, on the 5th September, 1868, Musammat Masuma Bibi and her daughter Said-un-nisa Begam had executed a deed of conditional mortgage in favor of one Mr. Thomas Nickels, of Benares, to secure the repayment of a loan of Rs. 3,50,000 advanced by him to the jagirdárs. This deed provided that if the manager (Mr. W. Smyth) selected by the creditor were ousted and the instalments as fixed were not paid regularly, Mr. Nickels would have power to take possession of the estate. No sooner was the estate placed under the Court of Wards than Mr. Nickels instituted a suit against the family of Masuma Bibi and the Court of Wards to obtain possession of the estate under the terms of the conditional sale-deed. This suit was eventually compromised, and a decree was passed by mutual consent in favor of the plaintiff, under which the debt due to Mr. Nickels was to be satisfied within a certain time. On 4th January, 1872, an application was made to the Collector of Gházipur by Muhammad Husain Khan, as manager of the affairs of the jagirdárs, asking for permission to raise money to pay off the debt due to Mr. Nickels. This permission was given by the Commissioner of Benares, and

on its authority the following deeds were executed by Musammat Masuma Bibi, Muhammad Husain Khan and Said-un-nisa Begam :—

1. In favor of Babu Guru Das Mitter, on 19th January, 1872, for Rs. 29,900.
2. In favor of Babu Baroda Das Mitter, on 19th January, 1872, for Rs. 27,150.
3. In favor of Rai Narain Das, on 25th January, 1872, for Rs. 1,17,500.
4. In favor of Babus Hanumán Prasad, Raghunath Prasad, and Baijnath Prasad, on 25th January, 1872, for Rs. 1,09,987.

Subsequently, in 1873, another mortgage deed for Rs. 1,77,000 was executed in favor of these last creditors, who had advanced the money to pay off Mahabir Prasad in whose favor the fifth deed had been executed in 1872. It may here be noticed that for reasons which were not very clear the names of Musammat Masuma Bibi and Said-un-nisa Begam, and even that of Muhammad Husain Khan, began to be associated together as owners of the estate, whereas in reality Musammat Masuma Bibi alone was the exclusive proprietor of the villages. With the sums thus raised the claims of Mr. Nickels were discharged. These five mortgages which were contracted by the disqualified owner and her relatives with the knowledge and consent of the Court of Wards, for the purpose of discharging pre-existing valid claims against the estate are styled in the litigation which followed " guaranteed debts " and the Court of Wards admitted the liability of the estate respecting them. In cases 1, 2 and 3 the creditors enforced their claims in the courts and obtained decrees against the estate. Suits were not brought in respect of debts Nos. 4 and 5 by the creditors, but they were paid the annual interest due under the deeds by the Court of Wards.

In addition to the debts contracted to pay off Mr. Nickels, Musammat Masuma Bibi and her relatives proceeded to contract *without the knowledge and consent of the Court of Wards* further liabilities, virtually attempting to defeat and frustrate the intentions of the Government in making over the estate to the Court of Wards, by a course of reckless borrowing on the security of the estate. The Court of Wards repudiated all such " unguaranteed debts, " *i. e.*, those contracted unnecessarily and without its knowledge and consent. The judgment governing the three guaranteed claims laid down that Musammat Said-un nisa Begam and Nawab Muhammad Husain Khan were wrongly styled in the deeds " Jagirdárs of Sunwani, " they never at any time having possessed any right to mortgage the estate; that Musammat Masuma Bibi, being a disqualified proprietor, was by law incapable of alienating or encumbering her property ; and finally, that the plaintiffs in these cases, who were *creditors* and not *mortgagees*, were entitled to a decree for the amount claimed, which was to be liquidated by the sale of such sufficient portion of the estate as the Collector might select. These decrees were unsuccessfully appealed to the High Court by the plaintiffs.

The " unguaranteed " debts were principally due to Rai Narain Das, who brought two suits to recover the amounts due. In the first suit the Judge of Benares found that the estate belonged exclusively to Musammat Masuma Bibi; that the deed of mortgage was not executed with the consent or knowledge of the Court of Wards ; that the estate had not benefited by the debt so incurred ; and that no decree could be passed against the Court of Wards. He therefore passed a decree against Said-un-nisa Begam and Muhammad Husain Khan alone, and exempted the Court of Wards from costs. This decision was upheld on appeal by the High Court.

In the other suit, which was instituted on a mortgage-deed in favor of one Babu Bisheshar Prasad, which had been purchased by Narain Das in execution of a decree against Bisheshar Prasad, the Judge decided that the sale of a deed mortgaging lands in another district could not be made by the Court of Benares; the proceedings of the Sub-Judge of Benares, in selling the deed of mortgage, were without jurisdiction, and conferred upon the plaintiff, who was the auction-purchaser, no right to sue. The suit was accordingly dismissed with costs, a decision which was upheld by the High

Court on appeal. Rai Narain Das in the meantime died and was succeeded by his son Rai Balkishan Das, by whom appeals against these decisions were filed before Her Majesty's Privy Council. Judgment was delivered on 6th July, 1882, entirely exempting the Court of Wards and Musammat Masuma Bibi from liability on account of these debts.

In 1878 the Board had represented to Government the hopeless insolvency of this estate, the income of which did not even suffice to pay the interest of the debts, and Government in No. 454A (Revenue Department), dated 14th February, 1878, accorded sanction to the sale of the estate in liquidation of the debts ; but in consequence of the litigation then proceeding it was necessary to postpone the sale. On receipt of the judgment of the Privy Council the Board ordered the sale of the estate, village by village, with the object of obtaining the best price possible. The sale was freely advertised, and every effort made to secure publicity and competition ; but in spite of this, on the day of sale, not a single bid could be obtained for any of the villages. This was due, it appeared, to rumours freely circulated by Ahmad Husain Khan, the grandson of Masuma Bibi, that the estate had been made over to him by a deed-of-gift by his grandmother, and that any sale by the Court of Wards would be illegal and would be contested in the Civil Courts. This attempt to sell the property having proved abortive, a re-sale was ordered, and a tender of Rs. 5,75,000 made on behalf of His Highness the Mahárája of Vizianagram was accepted by the Court of Wards. In consequence, however, of a suit brought by Masuma Bibi and Ahmad Husain Khan to contest the right of the Court of Wards to manage the property, during which an injunction prohibiting the sale was issued to the Collector of Ballia, conclusion of the sale did not take place until 7th June, 1884. This suit proved unsuccessful, and finally under the authority conveyed in G.O. No. $\frac{1485}{I-826}$, dated 31st August, 1885, Masuma Bibi was released from the jurisdiction of the Court of Wards.

The principal of the debts due from the estate amounted to Rs. 4,62,670-9-6. Out of this, from the sale proceeds of the property, Rs. 4,17,663-7-3 were paid off, exclusive of interest, and on date of release the unpaid debts amounted to Rs. 45,007-2-3.

Takhtauli Mailwara estate, Jhánsi district.—This estate consists of two villages (1) Takhtauli revenue-free, and (2) Mailwara assessed to a revenue of Rs. 582 and cesses of Rs. 140. The property, having fallen into arrears, was taken under the court's management in 1876, on the recommendation of the local officers, who moreover represented at the same time that the estate, being owned by two *parda-nashin* ladies (Thakurains Bari Duliya and Nanhi Duliya), widows of the late Chattarpal Singh a Bundela Thakur, was being mismanaged by their *karindás*, who defrauded them in every possible way and had encumbered the estate with debts aggregating Rs. 4,530. Assumption of charge of the property was sanctioned in G. O. No. 1535A, dated 1st September, 1876. After assuming charge the Court of Wards' exertions were directed towards the improvement of the estate and the payment of debts, all of which were cleared off by the end of 1883-84. Rs. 1,255 were laid out on works of improvement. The estate, though small, greatly improved under the court's management; two new pucka wells were constructed and some 20 old ones repaired ; a small tank was built ; a nursery of valuable timber and fruit trees was started, and the forest and old garden of the estate restored. The normal income of the estate at the time of release was Rs. 2,534, with a cash balance of Rs. 1,191. The income before charge was assumed averaged Rs. 1,650. With the sanction of Government (conveyed in G. O. No. $\frac{608}{I-232}$ of 30th April, 1886,) the estate was released from management with effect from 15th May, 1886, the Board being led to recommend this course in order to secure Government from a civil suit threatened by the surviving proprietor to whom the Board had refused permission to adopt a son.

Kulna estate, Lalitpur district.--This property, consisting of half a village, which was leased for the amount of revenue and cesses during the term of settlement, was taken under the court's management in 1877 under clause (*b*), section 194, Act XIX of 1873. The income of the estate being only Rs. 34, the Court of Wards could do nothing towards its improvement. The ward, Bahadur Singh, having attained his majority towards the close of the revenue year 1885-86, the estate was released from the court's charge on 30th September, 1886.

Estates taken over during the year.

6. The estates which came under the management of the Court of Wards during the year were nine, *viz.*:—

Bacheti (Raghunath Das') estate, Saháranpur district.—This estate was made over to the Collector of Saháranpur by an order of the District Judge, dated 9th April, 1886. Charge was formally assumed on 14th June, 1886. The property consists of shares in two revenue-paying villages with a rental of Rs. 1,022, besides a half share of a kutcha house, and is owned by one Raghunath Das, a minor, aged 11 years and 3 months, on the 30th September last. The Government demand for revenue and cesses is Rs. 479. When charge was assumed the estate was encumbered with debts amounting to Rs. 3,836, of which all but Rs. 123 are secured by hypothecation or mortgage of property. The Collector, with the approval of the Board, has arranged for a loan of Rs. 2,000 from the uncle of the minor, free of interest, to be repaid by annual instalments of Rs. 150, on the security of the minor's share in mauza Bacheti, for the purpose of paying off the interest-bearing debt. The income of the estate from the date of assumption of charge to the close of the year 1885-86 was Rs. 527-14-0 and the expenditure Rs. 239-5-9.

Kithauli estate, Meerut district.—This estate was placed under the management of the Collector under Act XL of 1858, by order of the Judge of Meerut, dated 18th September, 1885. The property comprises 4 biswas and 2½ biswansis in mauza Kithauli with a rental and revenue demand of Rs. 808 and Rs. 433 respectively. There are no other sources of income and no debts due either from or to the estate. The proprietor, Mukhtiar, was 7 years 6 months and 20 days old on 30th September, 1886.

Nagla Amin estate, Etah district.—This estate is owned by one Polandar Singh, who was 8 years and 1 month old on the 30th September, 1886. It is composed of shares in four villages, a dwelling house and two indigo factories, and was, at the recommendation of the local officers, taken under the Court of Wards on the 1st October, 1885, under clause (*b*), section 194, Act XIX of 1873, there being no male relative capable of taking charge of the property. At the time of assumption of charge the estate owed Rs. 9,349. This has been paid off with the aid of a loan of Rs. 9,000 from the funds of Ram Saran Das' estate in the Meerut district at 7 per cent. interest and repayable within eleven years. The minor reads in the 7th class at the tahsíli school.

Muhamdi Begam's estate, Moradabad district.—This estate when brought under superintendence comprised :—

Four revenue-paying entire villages.
Four shares in ditto.
Four shares in revenue-free villages.

The property originally belonged to Mir Afzal Ali, who did good service during the mutiny, in recognition of which the Local Government granted him the proprietary right in 15 villages. The estate was afterwards transferred by Afzal Ali to his wife, Musammat Muhamdi Begam, who was the recorded proprietress when superintendence was assumed, and was on the point of being sold in execution of Civil Court decrees when Afzal Ali applied for Government interference. Taking into consideration the past good services of the petitioner, it was decided to take the property under the Court of Wards, with the object of saving as large a portion as possible from alienation, and Musammat Muhamdi Begam was accordingly declared disqualified under clause (*g*), section 194, Act XIX of 1873 by G. O. No. $\frac{1258}{1-9CXLVI}$, dated 18th July, 1885.

The debts due on assumption of charge, inclusive of interest, amounted to Rs. 96,534. The hopeless condition of the property precluded the possibility of granting either a State loan or a loan from another Court of Wards' estate; sale of six villages was accordingly ordered, and if the sale proceeds of these are sufficient to discharge the debts, the following properties or *milks* will be saved to the owner :—

(1) Gularia.
(2) Nawabpura.
(3) Muáfi Gilpura.
(4) A muáfi plot in Nawabpura.
(5) Mukarrabpur.
(6) Muáfi Halbat.

Musammat Muhamdi Begam died soon after assumption of charge by the court, and the proprietary right reverted to Afzal Ali, but the Court of Wards continues to manage the property under G. O. No. $\frac{1484}{1-9CXLVI}$, dated 6th October, 1886. The property will be released as soon as the sale of the villages is effected and the debts liquidated.

Sirsa Jat estate, Moradabad district.—This estate consists of shares in six revenue-paying villages and a share in a village partly revenue-free, and is situated in the Aligarh, Bijnor and Moradabad districts. The rent-roll is Rs. 4,804, and Government revenue Rs. 1,332. The property is in debt to the extent of Rs. 2,754 which, it is hoped, will be cleared off in 1887-88. The debts due to the estate amounted to Rs. 6,636 on the 30th September, 1886, out of which Rs. 5,305 are probably irrecoverable.

The proprietors are—

		Years.	*Months.*
(1)	Suraj Nath, aged	20	8
(2)	Bishambhar Nath, aged	18	9
(3)	Niranjan Nath, aged	18	9

They are all married and live at Allahabad with the Hon'ble Pandit Ajudhya Nath, the father-in-law of the eldest ward, who has been appointed their legal guardian. Suraj Nath has taken up the B. A. standard in the Muir Central College. The other two wards, who are twins, attend the Allahabad Zila School and have not, in the opinion of the Inspector of Schools, made satisfactory progress during the year.

Bara estate, Allahabad district.—This estate was taken under the Court of Wards in 1862, and given back to Rája Banspat Singh in 1871 free from encumbrances. In 1879 the Rája was again in difficulties, and the Collector proposed

that the Court of Wards should re-assume the management of the property. Instead, however, a loan of Rs. 90,000 was granted from the Manda estate at 9 per cent. interest with the sanction of Government (G.O. No. 1504 of 31st August, 1880). The Rája failed to pay the instalments of this loan ; interest amounting to Rs. 10,726 had also accrued, and in addition he had borrowed a loan of Rs. 1,00,000 at 9 per cent. interest from the Allahabad Bank on the mortgage of his estate. Besides these, unsecured debts amounting to Rs. 52,000 were also due from the Rája. In order to save the family from ruin the Board proposed a loan of Rs. 2,34,227 at 7 per cent. interest, from the funds of Partab Chand's estate, on the usufructuary mortgage of the Bara property, which was sanctioned by Government in G.O. No. $\frac{1850}{1-831}$, dated 2nd November, 1885. Rája Banspat Singh was also formally declared disqualified under clause (*g*), section 194, Act XIX of 1873 by G.O. No. $\frac{1968}{1-831}$, dated 19th November, 1885. Ram Singh, the eldest son of the Rája, has been appointed Assistant Manager of the Bara property under the Special Manager. The estate consists of 171 whole villages and shares in 32 villages, all of which are revenue-paying.

Batak Prasad's estate, Jaunpur district.—This estate was placed under the management of the Collector under section 12, Act XL of 1858, by an order of the Judge, dated 5th June, 1885. The Collector formally assumed charge on 3rd November, 1885. The estate consisted of five whole villages and two shares in Jaunpur and one entire village and 11 small shares in Azamgarh. The rental and revenue demands were Rs. 9,525 and Rs. 4,429-14-0 respectively. A judgment debt of Rs. 36,050 principal, and Rs. 4,746 interest on which execution was being taken out at the time of assumption of charge, was liquidated by a loan of Rs. 40,000 from the Sherkot estate, and Rs. 796 paid from the funds of the estate. The sale of timber, wood and grain in stock fetched about Rs. 2,975, which when added to the ordinary net profit of the estate brought the surplus to about Rs. 6,500. Rs. 5,000 were, therefore, remitted to the proprietor of the Sherkot estate during the year. The net result was that at the close of the year the total debts due from the estate had been reduced by Rs. 5,796. As it was found impracticable to clear the estate's debt from the surplus profits, the Board sanctioned the sale of six villages, of which three were sold during the year, but as the transactions were not formally completed till after the close of the year, the sale proceeds, Rs. 14,000, which have since been remitted to the proprietor of the Sherkot estate, do not appear in the accounts. The proprietor, Batak Prasad, is now 14 years old and studies in the Zila School under the supervision of the Head-master. He is reported on favorably by the Inspector of Schools.

Dhagwan Khurd estate, Jalaun district.—The proprietor of this estate was one Chatar Singh, who died leaving his wife Musammat Piari and two sons, named Babaran Singh and Golab Singh. Babaran Singh was an adult and took out a certificate of administration on behalf of his minor brother, Golab Singh. His mother applied to the Deputy Commissioner, vested with the powers of a Civil Judge, for revocation of the certificate, on the ground of his maladministration of the minor's share. Her petition was dismissed. She then appealed to the Commissioner, who ordered that the property, which consists of an 8-anna share in the village of Dhagwan Khurd and a revenue-free holding, should be taken under Government management. The property was managed by the Deputy Commissioner under section 12, Act XL of 1858, and, at the recommendation of the Commissioner, taken under the Court of Wards, under the provisions of clause (*b*), section 194, Act XIX of 1873, on 27th April, 1886. The rent-roll is Rs. 2,206 and the Government demand Rs. 829. The estate is free from debt and had Rs. 14,000 invested in Government securities, Rs. 2,576 in loans, Rs. 265 in takávi, and a cash balance of Rs. 555 when it came under the court. Mauza Dhagwán is an undivided property. Golab Singh is now 15 years old and attends the Anglo-Vernacular School at Orai. He is reported to be of weak constitution and dull intellect.

Girar (Manikju and Dulaju's) estate, Lalitpur district.—This estate, which consists of four-anna shares in four revenue-free villages and a one-fourth share in an ubári village in the Lalitpur district, is the property of Manikju and Dulaju, Bundela Thakurs, and was at the instance of the local officers taken under the Court of Wards on the 9th August, 1886, there being no male relation capable of managing it. The rent-roll of the estate is Rs. 174, and the Government demand for revenue, cesses, &c., Rs. 11-0-0. The debts due from it amount to Rs. 288, of which Rs. 42 are secured. There were no receipts and payments since the estate came under the court to the close of the revenue year 1885-86.

Modifications in statements.

7. In pursuance of the observations recorded by Government in paras. 5 and 6 of the review of the report for 1884-85, certain modifications have been made in some of the statements attached to this report. Statement I no longer shows the details of receipts from loans, debts and takávi advances. These have, as desired, been transferred to statement IV, and instead of "net income" and "gross receipts," columns 20 and 21, now exhibit respectively "total income available for expenditure" and "excess of total available income over expenditure chargeable to profits."

Statement III, which formerly included rents of houses and occupiers' rate, now shows only rental proper, sayar and manorial dues.

Statement IV now shows the receipts from all sources, and such expenditure as may be charged to profits.

Statement VII now distinguishes between such portion of debt as has been paid off by incurring other debts or by sale of property and that portion which has been liquidated from cash balance (*i. e.*, surplus profits) or otherwise.

Classification of estates.

8. The estates under the superintendence of the Court of Wards were held under the following clauses of section 194, Act XIX of 1873:—

Clause.	No. of estates.
(*a.*) Females deemed by the Local Government incompetent to manage their estates ...	12
(*b.*) Minors ... (1) Estates made over by Civil Court	42
(2) Estates taken over by the Court of Wards on its own motion ...	43
(*c.*) Idiots	1
(*d.*) Lunatics	5
(*e.*) Persons otherwise rendered incapable by physical defects or infirmities from managing their estates ...	1
(*g.*) Persons declared by the Local Government, on their own application, to be disqualified from managing their estates ...	43
Total ...	147

9. It will be observed that this number is in excess of the actual number of estates (124), under management as shown in statement II. The reason for this being that several estates are held under more than one clause.

10. As promised in paragraph 7 of the last report, the estates of minors have in statement I of this report been separated into (1) those in which the Court of Wards took action after the estate had been placed in charge of the Collector by the Civil Court under section 12 Act XL of 1858, and (2) those of which the Court of Wards took charge on the recommendation of the local officers. It will be seen that there were 42 of the former and 43 of the latter under management.

Release of estates he solely with a vie clear off their lial

11. The policy of releasing estates held solely with the object of clearing off their liabilities has been kept in view during the past year. Of this class of estates those of Kazi Muhammad Abbas, Powayan and Dubari, were released during the year, while the Ramgarh estate will, as stated in paragraph 8 of the Board's report for 1884-85, be released during the present calendar year. In the case of Muhamdi

Begam's estate (Mir Afzal Ali's) taken under management during the year, sale of several villages has already taken place, and it is expected that during 1887-88 the estate will be freed from its liabilities when it will immediately be released.

Power of Civil Courts to entrust the management of small and scattered properties to Collectors against their consent.

12. The bill relating to guardians and minors has not yet passed through the Supreme Legislative Council, and the Civil Courts consequently continue to exercise unchecked their powers of placing minors' estates in the charge of Collectors irrespective of the Collectors' wishes or recommendations. An instance occurred during the year under report of an estate placed under the Collector's charge by the District Judge, of which the profits were found on enquiry to amount to only Rs. 18 per annum, out of which the Judge expects the Collector to provide for the maintenance of the minor and the costs of management. The Collector is powerless to decline the management, and the Judge declines to release the estate unless a suitable guardian can be found. The matter has not yet been settled.

Extent of landed property of estates.

13. The subjoined table shows that the extent of landed property under the Court of Wards has steadily declined since 1883-84.

Year.	*Revenue-paying—*			*Revenue-free—*		
	Whole villages.	Shares.	Patches.	Whole villages.	Shares.	Patches.
1883-84	2,346	2,061	1	127	60[illegible]	5
1884-85	1,743	1,833	2	114	74	4
1885-86	1,498	1,700	4	9[illegible]	76	4

14. For the same three years the following figures show the gross rental demand compared with the Government demand for land revenue and cesses :—

Year.	Gross rental demand.	*Government demand.*		
		Land revenue.	Cesses.	Total.
	Rs.	Rs.	Rs.	Rs.
1883-84	30,69,346	13,76,600	1,67,385	15,43,985
1884-85	20,80,896	9,52,980	1,16,559	10,69,539
1885-86	19,92,916	9,36,842	1,17,201	10,54,043

Area and population of estates.

15. The table below shows the area and population of the estates under the court's charge in each of these three years. Details are also given of the irrigated and unirrigated portions of the cultivated area :—

Year.	Total area.	*Cultivated area.*			Population.
		Irrigated.	Unirrigated.	Total.	
	Acres.	Acres.	Acres.	Acres.	
1883-84	2,032,618	283,453	712,682	996,135	1,717,289
1884-85	1,473,730	201,446	519,442	720,888	1,315,305
1885-86	1,011,552	192,574	395,028	587,602	1,222,553

'emand and col-s.

16. The rental demand for the year amounted to Rs. 19,92,916, and the arrears of previous years to Rs. 1,90,601. The collections were on account of the current

demand Rs. 18,80,151 and of arrears Rs. 63,356. The demand and collections are shown by divisions in the following table :—

Division.	Demand.			Collections.			Balance.
	Current.	Arrears.	Total.	Current.	Arrears.	Total.	
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Meerut	95,421	5,697	1,01,118	88,160	4,352	92,512	8,606
Agra	1,54,394	10,860	1,65,254	1,45,988	1,949	1,47,937	17,317
Rohilkhand ...	4,74,612	60,888	5,35,500	4,46,025	11,022	4,57,047	78,453
Allahabad	9,00,626	82,235	9,82,860	8,61,510	29,292	8,90,802	92,058
Benares	3,51,347	30,238	3,81,585	3,23,264	16,565	3,39,829	41,756
Jhánsi	16,517	683	17,200	15,204	176	15,380	1,820
Total ...	19,92,916	1,90,601	21,83,517	18,80,151	63,356	19,43,507	2,40,010

17. The percentages of the collections to demand by divisions were :—

Division.	Percentage of collections to total demand.					
	1884-85.			1885-86.		
	Current.	Arrears.	Total.	Current.	Arrears.	Total.
Meerut	96	71	94	92	76	91
Agra	96	26	91	95	18	90
Rohilkhand	94	44	89	94	18	85
Allahabad	94	45	89	96	36	91
Benares	91	53	86	92	55	89
Jhánsi	97	41	91	92	26	89
Total ...	94	47	89	94	33	89

The percentages of total collections and of the current demand are the same for both years, but there has been a falling off in the collection of arrears particularly in the Rohilkhand Division. This however is only nominal, and is due to the release of the Sherkot and Powayan estates before the rabi rents could be collected, in which the outstanding balances of previous years' were Rs. 9,281 and Rs. 27,294 respectively.

In the Meerut Division the percentage of current collections has fallen from 96 in 1884-85 to 92 in 1885-86. This is principally due to short collections in the Mohreni estate in the Aligarh district. Severe floods caused great loss during the past year, and it was consequently not thought advisable to put undue pressure on the tenants.

18. The balances aggregating Rs. 2,40,010 are classified by divisions as follows :—

Division.	Balance.				Percentage of irrecoverable balance to total demand.
	Recoverable.	Doubtful.	Irrecoverable.	Total.	
	Rs.	Rs.	Rs.	Rs.	
Meerut	7,982	319	305	8,606	·3
Agra	13,646	2,278	1,393	17,317	·8
Rohilkhand	73,753	2,432	2,268	78,453	·4
Allahabad	51,026	19,099	21,983	92,058	2·0
Benares	38,547	1,079	2,130	41,756	·4
Jhánsi	1,847	16	457	1,820	3·0
Total ...	1,86,301	25,223	28,486	2,40,010	1·1

As explained above, the balances in the Rohilkhand Division are swelled by the release of the Sherkot and Powayan estates before the rabi collections were made.

In the Allahabad Division there is a large sum (Rs. 14,712) shown against the Bara estate as doubtful. This estate came under management during the year and the jamabandis had to be accepted without detailed enquiry. As most of the tenants allege payment to the agents of the proprietor of the sums due, enquiry into these balances is now being made, and in all probability the greater portion will have to be remitted.

In the Dube estate the balances are still very heavy, being mostly due from the Azamgarh portion of the property. The Special Manager at Jaunpur, who was recently placed in charge of the entire estate, has during the past year brought the Azamgarh jamabandis, which were in great confusion, into order, and reports that during the current year the collections will be better.

Interest on Government securities.

19. The interest realized from monies invested in Government securities and railway shares has increased from Rs. 30,490 in 1884-85 to Rs. 32,048 in the year of report. This is due to fresh investments by solvent estates, and the receipts from this source would have been larger, had not some securities of certain estates, *e.g.*, Ram Saran Das and Partab Chand, been sold for the purpose of investing in loans.

Other receipts of the year.

20. The other receipts of the year consisted of—

	Rs.
Court of Wards and other loans	3,12,768
Debts recovered	96,822
Takávi advances recovered	9,231
Occupiers' rate	28,171
Sale proceeds of land and houses	45,638
Sale proceeds of Government securities	1,57,135
Miscellaneous receipts	98,341
Total ...	7,48,106

The gross receipts from all sources amounted to Rs. 27,34,189, which, with a cash balance of Rs. 4,52,183 in hand from the previous year, made up a sum of Rs. 31,86,372 as the income available for expenditure during the year.

Expenditure, Land revenue and cesses.

21. Rs. 9,36,842 were paid on account of the Government demand for land revenue and Rs. 1,17,201 on account of cesses. The percentage of the land revenue to the rental receipts of revenue-paying land is 49.

Statement XI shows the estates from which the current demand was in arrears. The total consists of—

	Rs.
Land revenue	2,201
Cesses	62
Takávi	79
Total ...	2,342

The greater portion of this, *viz.*, land revenue, Rs. 1,685, and takávi, Rs. 79, was due from the Chaumuha Shahpur estate in the Agra district, released from Court of Wards' management during the year. The whole of the outstanding arrears, Rs. 2,292 shown in statement XII was also due from this estate. The narrative at the beginning of this report describes the hopeless condition of this property at the time of release.

Owners' and occupiers' rates.

22. The sums paid to Government as owners' and occupiers' rates were Rs. 2,333 and Rs. 29,466 respectively, and call for no remarks.

Cost of management.

23. The management charges of the year amount to Rs. 1,52,275, which falls at 7 per cent. on the receipts shown in columns 7 to 13 and column 16 of statement IV. Appendix A contains a notice of the special schemes of management in force in these Provinces.

24. The miscellaneous expenditure which includes law charges, interest on debts, ordinary repairs, &c., amounted to Rs. 1,96,179 as against Rs. 2,18,763 in the previous year ; none of the items appear to call for any remarks. Miscellaneous charges.

25. The ordinary personal expenses, *i.e.*, maintenance allowances, &c., were Rs. 1,67,058, as compared with Rs. 1,99,032 in 1884-85. Expenditure shown in statement V.

The personal extraordinary expenditure has risen from Rs. 33,491 in 1884-85 to Rs. 64,983 in 1885-86. Personal expenses of proprietors.

The increase is principally due to the large expenditure on the marriages of the wards of certain wealthy estates, *e. g.*

	Rs.
Karam Ali Khan	8,675
Ram Saran Das	10,417
Malhajani	5,312
Partab Chand	19,196

The percentage of personal expenditure to the net profits is Rs. 13 as against Rs. 30 in the previous year and the year before, a falling off which is due to the release of some of the largest estates.

26. The educational charges have risen from Rs. 17,093 in 1884-85 to Rs. 22,578 in 1885-86. The increase is due to the opening of the Wards' Institution at Agra to which wards from wealthy estates are sent. Educational charges.

As stated in the report for 1884-85, the Wards' Institution was opened on the 1st February, 1886, and the following is a list of the wards who have been admitted to it from the North-Western Provinces and Oudh.

District.	Name of estate.	Name of ward.
Meerut	Karam Ali Khan ...	Khurshed Ali Khan.
Ditto	Ram Saran Das ...	Banarsi Das.
Agra	Parna	Dewan Ram Ratan Singh.
Farukhabad	Khimsipur	Baldeo Prasad Singh.
Mainpuri	Karoli	Lal Ishri Prasad Narayan Singh.
Allahabad	Pratab Chand ...	Rai Pratab Chand.
Bara Banki (Oudh) ...	Pokhra Unsari ...	Rája Bhagwan Bakhsh.
Fyzabad (ditto) ...	Khapradih	Thakur Anant Bahadur Singh.
Bahraich (ditto) ...	Rehwa	Munna Sahib.
Sultanpur (ditto) ...	Walipur	Partab Bahadur.
Hardoi (ditto) ...	Khajurhra	Thakur Shankar Bakhsh.
Ditto (ditto) ...	Marwan	Muhammad Husain.

From the opening of the Institute to the 31st December, 1886, the general charges for superintendence, establishment, &c., amounted to Rs. 6,362 and the private expenses of the wards to Rs. 4,865.

During the current year Mr. Robertson visited the Institute and concurs with Mr. Quinton's remarks in the last report as to the boys being well cared for and considers that the institution, so far, is a decided success.

27. Improvements were undertaken in 47 out of the 124 estates, under management during the year at a cost of Rs. 1,05,370. A list of these is contained in statement VI, and the report of the Director of Agriculture and Commerce is printed as Appendix C to this report. Improvements.

28. In paragraph 25 of the report for 1884-85, it was stated that the experiment was being tried of making over agricultural improvements to the Court of Wards' Engineer working under the supervision of the Director of Agriculture and Commerce, but that experience had shown that unless the work of the Engineer could be properly concentrated, much of his time was wasted in travelling from one estate to another, and the advantages of his professional supervision were minimised. After a further trial it was found that the scheme did not answer the expectations which had been formed of it, and that the results were not commensurate with the expenditure on the salary of the Special Engineer and his staff. The Board accordingly, with the consent of Government, Court of Wards' Engineer attached to the Agricultural Department.

dispensed with the Special Engineer's services from the close of the year, and reverted to the former practice of carrying out improvements under the supervision of Collectors, assisted by professional agency, where such was required.

Remarks on Director's report.

29. In paragraph 3 of his report the Director, alluding to the wells on the Khimsipur estate, says that they "were for a time under the *inspection* of the Court of Wards' Engineer." It is true that the wells were commenced by the Collector, but when the Special Engineer was appointed, their completion was put into his hands. It would therefore be more correct to say that "the wells were under the superintendence of the Court of Wards' Engineer."

It may be stated here with reference to Mr. Smeaton's remarks in his paragraph 4 as to cattle and mule breeding on the Karaoli estate, that since the close of the year the Board have sanctioned the purchase of a buffalo bull, and a bull and six cows for breeding purposes, as also of six pony mares for mule breeding.

The Board have, in communication with the Collector, made arrangements to complete the wells on the Rawatpur estate referred to in Director's paragraph 9.

Takávi advances.

30. In 30 estates takávi advances, aggregating Rs. 7,999, were made to tenants.

Re-payment of loans and debts.

31. The total principal of debts due from estates under management from the previous year and of those that came under management during the year, amounted to Rs. 22,14,319-0-10½.

During the year Rs. 6,06,522-12* were paid in liquidation of these, leaving a balance due at the close of the year of Rs. 16,07,796-4-10½, as shown in column 11 of statement VII. That statement also shows the amount of debts that has been paid off since the estates concerned came under the superintendence of the Court of Wards, an abstract of which is here given.

* Towards Court of Wards and State loans	Rs.	a.	p.

Court of Wards and State loans.

32. During the year Rs. 3,35,408-13-3 were advanced by the Court of Wards from one estate to another, the largest amount being Rs. 2,34,226-8-1 from Pratab Chand's estate to the Raja of Bara on the usufructuary mortgage of his property.

Besides this Rs. 40,000 were advanced from Karam Ali Khan's estate and Rs. 20,000 from that of Ram Saran Das to Sayyid Muhammad Ali Khan, Khan Bahadur, of Meerut, at 7 per cent. interest.

33. Of loans granted from one Court of Wards estate to another, Rs. 585-10-2 represent the arrears due from the Kiratpur estate to the Sherkot estate which for want of funds could not be paid. The balance of this debt however is but small, and it is expected that the loan will be cleared off during the current year. The Mohanpur estate, to which reference was made in the last report, was again in arrears to the extent of Rs. 3,419. As it did not appear likely that the instalments fixed for the repayment of this loan would be paid, the Board directed sale of a portion of the estate during the current year in order to reduce the debt.

34. Of State loans the arrears due from the Arjanpur estate amounted to Rs. 5,074-15-9, principal, and Rs. 910-2-4 interest. It was remarked in the report for

1884-85 that, the other debts due from this estate having been paid off, the instalments towards the State loan should in future be more regularly paid. The year of report was however a calamitous one for the tenants, who suffered severely from the floods of 1885, combined with which the destruction of the Nadrai aqueduct causing the stoppage of the Bewar canal led to the falling off, by at least 1,000 bighas, of the most paying crops, such as sugarcane and indigo. Rent collections were therefore made with difficulty, and under the circumstances it was not considered advisable to use any harsh measures. The tenants are reported to be recovering from their losses, and there should be no difficulty in meeting the instalments of the loan regularly in future.

Investments.

35. Exclusive of loans alluded to above, the investments of surplus funds during the year were—

	Rs.
In Government securities	89,539
In landed property and houses	68,223
Total	1,57,762

Assets and liabilities of estates.

36. The total expenditure of the year aggregated Rs. 29,70,977, and the cash balance at its close to Rs. 2,15,395. Of the 124 estates under management, 62 estates had a surplus. Those with a surplus of more than a lakh were—

	Rs.
Sherkot	2,63,201
Begam Mashuk Mahal	4,24,172
Rawatpur	1,20,237
Pratab Chand	3,85,217

Notices of ejectment under section 36, Act XII of 1881, statement IX.

37. The number of notices of ejectment issued was 161 in respect of 692 acres. Of this number 17 notices were contested, five successfully and 12 unsuccessfully. Of the remainder, in 77 cases the tenants relinquished their holdings, in area 389 acres, and in 67 cases they were permitted to continue in possession at enhanced rents.

Applications for enhancement of rents, statement X.

38. Only 41 applications for enhancement of rent were made during the year. These were in two estates only, concerning 165 acres. The rent previously paid at Rs. 3-9-9 per acre, was Rs. 596-5-5, and that decreed at Rs. 4-15-10 per acre, Rs. 823-9-11.

Civil litigation.

39. The civil litigation of the Court of Wards will be dealt with in the report of the Legal Remembrancer to Government.

Conclusion.

40. The year's management of estates has been, on the whole, very satisfactory.

Mr. Robertson desires specially to bring to notice the following officers who have more particularly interested themselves in the supervision and management of the estates in their districts:—

Mr. F. N. Wright, Meerut; Mr. H. B. Finlay, Agra; Mr F. Baker, Mainpuri; Mr. W. Hoey, Etáwah; Mr A. M. Markham, Bijnor; Mr. W. E. Neale, Bareilly; Mr. J. S. Porter, Shahjáhánpur; Mr. H. D. O'Moule, Cawnpore; Messrs. J. Smith and L. A. S. Porter, Bánda; Mr. F. W. Porter, Allahabad; Mr. J. S. Mackintosh, Jaunpur; Mr. C. W. Mellor, Gorakhpur.

In Appendix A will be found a record of the work done by the Special Managers.

I have the honor to be,

SIR,

Your most obedient servant,

C. J. CONNELL,

Offg. Secretary.

APPENDIX A.

Schemes of Management of Estates under the Court of Wards.

SPECIAL Managers were employed in the management of estates during the whole or part of the year in the districts of—

Bijnor. Allahabad.
Sháhjahánpur. Jaunpur.
Cawnpore. Gházipur.
Gorakhpur.

In the other districts of the North-Western Provinces, excepting Bánda, where a special scheme has been introduced, the estates were managed by Collectors under section 204, Act XIX of 1873.

In the Bijnor district, on the release of the Sherkot estate from 1st August, 1886, the services of the Special Manager on a salary of Rs. 300 per mensem were dispensed with, and in his place a Manager on Rs. 120 per mensem with inferior powers was appointed.

From the 1st April, 1886, owing to the release of the Powayan estate, the special scheme of management was discontinued in the Sháhjahánpur district and the old system of managing estates through the Collector was reverted to.

The subjoined table shows the number of estates that were for the whole or part of the year under Special Managers, together with their normal incomes and cost of management and the percentage of the latter to the former.

Statement showing cost of the scheme of special management during the revenue year 1885-86.

Writing in regard to the scheme in the Bijnor district, the Officiating Collector, Mr. G. A. Tweedy, says that Mr. Markham's remarks in previous reports apply with equal force this year. As to the modified scheme now in existence in the district, he promises a full report on its working next year, as during 1885-86 it had been in force for only two months, and no judgment could therefore be formed of its success or otherwise.

In Sháhjahánpur, as mentioned above, the release of the Powayan estate caused the discontinuance of the system from the 1st April, 1886.

The scheme having been in force such a short time during the year, the Collector submits no report on its working; but in previous reports it was stated that it had proved a success.

In Cawnpore, where the scheme was in force for the full year, Mr. Moule, writing of the work of the Special Manager, Munshi Indarjit Lal, says :—" The management of the estates this year shows improvement. The collections have averaged over 98 per cent., suits for arrears of rents were fewer than last year, and no notices under section 36 were issued. The land thrown out of cultivation last year was re-let during the year" * * * * About 2,000 applications of all sorts in connection with zamíndári work were disposed of besides office work. No Assistant Collector has taken any share in Court of Wards' work since Mr. Bird left the district in April, 1886."

As to the working of the scheme in Allahabad, Mr. F. W. Porter says :—" the results are even more eminently satisfactory than in the previous year. There were nine estates under the supervision of the Special Manager; *i.e.*, eight Court of Wards' estates and one Government estate (Khargapur, an escheat in possession of Government)." ..... . "The percentage of collections was about 99 on the demand.....In four out of the nine estates above alluded to Rs. 13,370 were spent on improvements"....." The hamlet reported last year to have been located by him" (Special Manager)" on the Pratab Chand estate, is rapidly increasing in population and is a very beneficial addition to the property. Again as in last year so also during the year under report, the Manager induced the tenants to construct a few wells at their own expense, giving them firewood from the estates free of charge. All these facts speak volumes for Munshi Zain-ul-Abdin's tact and management..... There can be no doubt that the greater attention which has been given to details under the new system of management and the ampler opportunities which the Manager has had of acquainting himself with the special circumstances and requirements of the several estates under his charge, have materially helped in enabling me to show such eminently satisfactory results. I therefore consider that the scheme of special management has been an unqualified success, and I would most certainly advocate strongly its continuance. The work of the Collector of this district is, as you are aware, very heavy ; and without this assistance it would be absolutely impossible for him to carry on the work of these immense estates with the care and attention they require."

Mr. J. S. Mackintosh, writing in regard to Jaunpur, states,—"It will be seen that the percentage of collections has generally increased. It appears to me to be most satisfactory. * * * The results, on the whole, appear to be extremely creditable ; and I have only to add that I hold the same opinion as my predecessors did of the value of Babu Parshotam Dass' services. His character for probity, intelligence and industry is now thoroughly established. These qualities are well known throughout the district ; so much so that tenants in the Court of Wards' estates in cases of dispute are frequently quite contented to abide by his decision. The estimation in which he is held has enabled him to be of use to the administration generally ; and I trust that the services he has rendered in this and in previous years may not be overlooked by the Board."*

In commenting on this, the Commissioner, Mr. Lawrence, remarks: " I consider that the satisfactory results obtained under the present system of special management are

* *Note by the Board.*—His salary was raised during the year from Rs. 250 to Rs. 300 per mensem.

such as to justify its continuance; and from personal experience I am confident that a Special Manager relieves the Collector of a great deal of work which would otherwise devolve on him, and is besides better able to watch details. The selection of Babu Parshotam Dass for the appointment has been in every way a happy one."

In the Gházipur and Ballia districts there are a number of small scattered estates managed under sections 323 and 326 of the Civil Procedure Code, also in charge of the Special Manager. These have given a great deal of trouble to the managing staff. Writing of the larger (Court of Wards') estates, the Collector, Mr. E. Rose, says: "I have no reason to be other than fully satisfied with the management. The Manager, Shiv Narayan Dass, is a most industrious, intelligent and efficient officer; and I have every reason to believe that he is popular with the tenantry on the estates."

Mr. Lumsden, the Commissioner, in submitting the report, states that he has nothing to add to or modify in the opinion expressed by him last year, and alluding to the estates managed under the Civil Procedure Code, remarks,—"As I observed last year, in a very heavy district like Gházipur it would have been impossible to carry on the administration of all these estates without the services of a Special Manager."

Mr. C. W. Mellor, Collector of Gorakhpur, has nothing to add to the opinion expressed last year by Mr. Kennedy, and adds,—"Mr. Ricketts has worked well and diligently, and there can be no doubt that the system of having a Special Manager is a good one, both in the interests of the estates and as relieving the Collector and Assistant Collectors of a great deal of labour."

Mr. Robertson endorses the remarks of Mr. Porter, Collector of Allahabad, as regards the advantages of the scheme of special management, and the manner in which the duties of manager have been performed by Munshi Zain-ul-Abdin. He also believes that the commendation bestowed by the Collectors on Babus Parshotam Dass, Shiv Narayan Dass, and Mr. Ricketts are well deserved.

Bánda.—This district is divided into circles with a sazawal in each, working under the orders of the Collector.

Besides Court of Wards' estates the sazawals manage Government properties and estates held direct for arrears of revenue, &c. The following table shows how the cost of management has been apportioned between them:—

Class of estates.	Normal income.	Cost of management.	Percentage of cost of management to normal income.
	Rs.	Rs.	
Court of Wards	95,790	5,353	5·6
Government and kham estates, &c. ...	48,954	2,686	5·5
Villages managed in execution of decrees	9,185	503	5·5
Total	1,53,929	8,542	5·5

The Officiating Collector, Mr. H. Fraser, writes,—"The system has worked well; and considering that there are some 100 villages of all sorts under Government management scattered over a tract 84 miles long by 44 miles wide in this district, exclusive of Hamírpur, &c., I doubt whether any other system could be found equally effective and cheap."

APPENDIX B.

Benevolent Trusts, North-Western Provinces.

THE number of charitable and other trusts supervised by the Board during the past year was the same as in 1884-85, *viz*, 22.

In Appendix B. to the Report for 1884-85, it was stated that the question of exercising control over these trusts on the repeal of Regulation XIX of 1810 by Act VIII of 1884 had been referred to the Government for orders. By G. O. No. $\frac{1049}{1-946}$, dated 9th July, 1886, the Board were authorised to continue to supervise and control on the part of Government the administration of these trusts, as also of the educational endowments, the superintendence of which was vested in the Board by G. O. No. 147A, dated 2nd February, 1878.

The accounts of the benevolent trusts are contained in Statements XIII to XV. The income and expenditure of the year may be thus summarised—

Receipts.	Rs.	a.	p.		Rs.	a.	p.
Opening balance	17,695	8	8				
Receipts of the year	39,321	5	11	...	57,016	14	7
Expenditure.	**Rs.**	**a.**	**p.**		**Rs.**	**a.**	**p.**
(*a*) On trust objects	31,638	5	3				
(*b*) Other charges	7,887	3	2	...	39,525	8	5
Closing balance as per column 5 of Statement XV				...	17,491	6	2

The surplus assets to the credit of the various trusts at the close of the year, inclusive of Rs. 2,25,800 invested in Government securities, was Rs. 2,43,538-4-6.

Educational endowments. Statement XVI contains a list, together with the accounts, of the 58 educational trusts under the control of the Director of Public Instruction, North-Western Provinces and Oudh.

The receipts of the year, inclusive of the opening balance, amounted to Rs. 52,072-2-11.

Rupees 43,875-7-1 were spent in carrying out the wishes of the donors, and the balance at the close of the year was Rs. 8,222-7-8.

Towards the close of the year a new trust was added to those under the Board's control.

Babu Raghunandan Prasad Pande, Raís of Baria, pargana Doaba, in the Ballia district, by a duly registered deed, granted his five-anna share in mauza Agrauli, pargana Ballia, for the purpose of endowing and establishing a Sanskrit Teachership to be attached to the Anglo-Vernacular School at Ballia.

As the income of the share was not estimated to yield more than Rs. 10 a month, and the services of a Pandit to teach Sanskrit could not be obtained for less than Rs. 15 per mensem, Babu Padam Deo Narayan Singh, son of the founder, expressed his willingness to supplement the income by contributing Rs. 5 per mensem towards the teacher's salary. This contribution has been accepted on the advice of the Director of Public Instruction, and should it at any time cease, the deficit will be made up by the levy of small fees from the pupils, any surplus that occurs being expended from time to time in the purchase of Sanskrit books.

By G. O. No. $\frac{1159E}{111-133}$, dated 22nd November, 1886, the Government accepted the founder's liberal and public-spirited offer and the Board were directed, in communication with the Director of Public Instruction, to see that the Babu's wishes were properly carried out, and to assume management of the trust.

APPENDIX C.

Report by the Director, Agriculture and Commerce, North-Western Provinces and Oudh, on Agricultural Improvements.

No. $\frac{A}{1212}$, dated Cawnpore, the 11th March, 1887.

From—DONALD M. SMEATON, ESQ., *Director, Department of Agriculture and Commerce, N.-W. Provinces and Oudh,*

To—*Offg. Secretary, Board of Revenue, N.-W. Provinces.*

SIR,—I have the honor to submit, for the information of the Board, the annual summary of improvements in Court of Wards' estates.

1. Reports have been received from all districts, but in those only named herein has it been found practicable to undertake work to an extent requiring notice.

2. *Meerut.*—There are two estates in this district, those of Ram Saran Dass and Karam Ali Khan.

On that of Ram Saran Dass, small sums were spent on planting trees, enclosing a plot of waste land, building a cháukat to a well, and building a police chauki. Of nine wells under construction, three wells have been completed, at a cost of Rs. 1,904. Much difficulty has been experienced in obtaining experienced well-sinkers, and progress has for this reason been slow.

On the estate of Karam Ali Khan, two wells in Biluchpura, commenced in the previous year, were completed at a total cost of Rs. 1,350; and consequent on their being opened to use, an increase of rental has been obtained, amounting to Rs. 221-9-9 per annum, or an increase of over 16 per cent. If there are further sites on the estate of this character, it would seem desirable to open operations on a considerable scale.

Two other wells in Biluchpura and one in Baghpat are under construction. In Jarcha, one well has been finished at a cost of Rs. 797, and another is under construction.

Rs. 25 were spent in repairing a tank in Karam Alipur and Rs. 127-14 on the new garden at Khurshed Purwa. There were miscellaneous improvements to the Wards' house costing about Rs. 3,700.

In field cultivation Lucerne and Guinea-grass did well, as also experimental plots of wheat and naked barley. Some of the Bihea mills, having been worn out, have been sold. It does not appear to be considered advisable by the management to buy more; and rightly so, seeing that private enterprise now supplies mills in large numbers on market terms.

The money spent on arboriculture is said to have been well laid out.

3. *Farukhabad—Khimsipur estate.*—Rs. 1,060 was spent on works of improvement, chiefly well-sinking and arboriculture. The wells were for a time under the inspection of the Court of Wards' Engineer, and are still incomplete; so that no opinion can yet be passed either as to their success or cost.

4. *Mainpuri—Karoli estate.*—A tank is under construction, from which it is proposed to carry on irrigation by means of chain pumps, and Rs. 450 have been spent up to date. Nineteen wells were proposed for construction during the past year; but borings showed that the sites selected for four of these were unsuitable, and the estate was thus saved from incurring loss. Two other sites were struck out from the list as being too far away for adequate supervision ; seven were completed during the year and efforts are now being made to secure increased rents from the land commanded where classed at settlement as unirrigated. There remain six under construction, and the total expenditure to date has been Rs. 5,945. A further sum of Rs. 151 was spent on repairing old wells.

Attention was given to arboriculture and a plot of some acres of usar was enclosed as a fuel and fodder reserve. Sissu and babul were planted, and the cost has amounted to Rs. 489. The Manager has been directed to form a nursery from which to supply trees gratis. Rs. 353 were spent in tree-planting, with, it is stated, good results.

Cattle-breeding has been carried on for some time on the estate, and Rs. 257 were spent during the year on the herd. Four out of six bulls were sold, the remaining two are said to be popular with cattle-owners, and the Collector has placed himself in communication with this department in view to procuring more stock. The Collector has further submitted proposals for establishing mule-breeding. There is a Government donkey stallion near Sujrai, and it is proposed to purchase for the estate a number of pony mares. If carefully managed the scheme should succeed.

In the Cawnpore section of the estate, Rs. 1,096 were spent on arboriculture. Salt bush was planted on the estate, but without success.

5. *Etáwah—Malhajani estate.*—On this estate also salt bush was tried and failed. A small sum was spent on enclosing and planting land.

On the *Uncha* estate Rs. 200 were expended on the construction of two half-masonry wells. The enhancement of rent obtainable thereby has yet to be adjusted.

6. *Bijnor.*—The large estate of Sherkot was released towards the close of the year. A set of boring tools had been purchased for it and Rs. 236 were spent on trial borings, the results of which appear to have been considered satisfactory. Rs. 6,830 were spent on erecting shops in the Dhampur bazár. Rs. 150 were spent on a well at Chahli, which is still unfinished.

Gardens were maintained at Sherkot and Allahpur at a cost of Rs. 525 and Rs. 200 on arboriculture. Breeding stock was maintained at a cost of Rs. 368.

On the *Sahanpur* estate a plan was considered for a masonry head channel on the Rawasan nadi, but is still in abeyance. On the Hasanpur well, already reported on as having stuck fast, boring apparatus is now to be tried in view to ascertaining if the spring can be tapped by a tube.

Breeding stock is maintained, there being now two bulls, fifteen cows and nineteen calves ; four cows died during the year and four calves were sold. A mare covered by the Government donkey stallion has thrown a mule.

7. *Bareilly.*—The only estate in which expenditure is practicable is that of Nawab Mashuk Mahál. A sum of Rs. 3,921 was spent on Bihea Sugar Mills, and a return received thereon of Rs. 1,190, which must be considered very satisfactory.

8. *Sháhjahánpur—Nahál estate.*—Work was carried on under an apprentice, but by this department, and five wells completed by him. One other well is nearly complete, and advances have been made for one more.

It was in contemplation to sink wells in Golaraipur, but trial borings showed that no suitable sites could be found, nor could brick be got in time.

On the *Narainpur* estate one well was completed at a cost of Rs. 650 and fitted with a concrete plug. Another well, sunk five years before for drinking purposes, was rendered available for irrigation by the insertion of a concrete plug at a cost of Rs. 199.

The *Powayan* estate, on which so much good work has been done in past years, was released on 31st March, 1886. Before that, however, eight wells remaining over from the previous year were completed, at a total cost of Rs. 3,996. Besides the above, a well in progress was handed over ; two masonry wells and one kothi well were repaired and a tank in Rohdena was completed, the total cost of the latter having been Rs. 546.

Rs. 153 were spent on maintaining groves.

The use of trial borings was shown by the result; that of 20 borings taken, only three sites were found adapted for well-sinking.

9. *Cawnpore.*—On the *Ruwatpur* estate experimental cultivation was, as usual carried on in the sir land. A field two bighas and 16 biswas was ploughed with a "Kaisar" and sown with jawar, which afforded a good return. Another field of three bighas ploughed with the "Kaisar" and sown with country cotton, gave an excellent crop of 85lbs of clean cotton per bigha.

Some unmanured land was sown with Jaunpur maize; but this was a mistake, as it is a valuable variety and should have been sown in good and well-manured land; the result was failure.

A field of five bighas well manured with cattle dung and cultivated with the "Kaisar," was sown with indigo and the crop promised well. Heavy rain, however, washed out the plant and a good price was not obtained. Of the rabi crops may be mentioned a field of three bighas ploughed with the "Kaisar" and sown with oats, giving an outturn of six maunds per bigha. In another field, following indigo as a dofasli crop, Gujrat wheat was sown in two bighas 10 biswas, full irrigation was given, but the result was not satisfactory; hence the Manager is of opinion that this variety of wheat should be restricted to ekfasli land.

Muzaffarnagar wheat was sown on six bighas, following maize. The land was unmanured. Four ploughings with the "Kaisar," six with the native plough, and three waterings were given. The produce amounted to six maunds per bigha.

A field of one bigha was sown with French barley. This latter proved a failure last year and again this year.

Beetroot and white Belgian carrot and potato-seed supplied from this department were sown and cultivated according to instructions given The beetroot gave a good crop and was much appreciated by the farm cattle. The carrot-seed appears to have germinated very sparsely, but so far as it went the produce was good, and from the Manager's remarks he would appear to think that cultivators would appreciate it if better known. The potato crop was an average one.

In arboriculture good progress is reported. The trees laid down last year are doing well, and of those planted out in previous years, about 1,000, mostly Jamun, are doing well. A few breaks in the avenues are being filled up.

Thirteen wells, constructed by tenants in previous years under advances, were used for irrigation. No enhanced rent will be taken; the arrangement being for the tenants to pay 6 per cent. over the sums expended for ten years. Fourteen wells were placed for construction under Mr. Copeland, Engineer for Court of Wards' estates. Of these, five were completed to the ground level, but have yet to be furnished with pillars and platforms before they can be used for irrigation. One of the five, however, is reported to have dropped askew on one side and to have cracked. Four more wells had been constructed to the height of from 10 to 15 feet when Mr. Copeland was discharged. The expenditure, spread over ten years, had up to then been Rs. 10,837.

10. *Bánda.*—On the estate of *Kurban Husain* a well for drinking purposes was repaired at a cost of Rs. 50, and six bands constructed at a cost of Rs. 210, giving a return in increased rental of Rs. 15 per annum. On the estate of *Rao Balwant Rao*, two wells for drinking purposes were rendered serviceable at a cost of Rs. 250, and a tank was deepened at a cost of Rs. 150. On *Diya Chukwa* estate a band constructed for Rs. 50 has given the handsome return of Rs. 12 as an increase in rental, and on the *Bambha* estate, Rs. 90 spent on bands has given an increase of Rs 23 per annum in rent. Rs. 60 in the repairs of a well for drinking purposes and Rs. 25 in the maintenance of a grove, were also expended on this latter estate. On *Ganesh Singh's* estate were spent Rs. 60 in repairs of a well, and on Singhpur Rs. 10 in repairing a band.

A large sum of money was further advanced to tenants on these estates for improvements.

11. *Allahabad*—The total sum expended during the year on four estates amounted to Rs. 13,689. Of the work, the greater portion was carried out under the superintendence of Mr. Copeland, the Board's Engineer for Court of Wards' estates. Such works as were incomplete at the time of his discharge are being carried on by the Manager.

On *Partab Chand's* estate the work done in 1292 and 1293 fasli, Mr. Copeland constructed to completion to the ground level two tanks, one band and five and a-half wells, leaving incomplete five wells, which were finished under the Manager's supervision. For the wells the masonry upper works have yet to be completed at a cost of about Rs. 1,100. The wells will command, it is hoped, an area of 400 bighas, and the tank about 150 bighas, but the capacity of the wells has yet to be tested. On *Gend Kunwar's* estate Rs. 611 were expended. This estate cannot afford improvements as yet, being heavily in debt.

On the estate of *Gouri Shankar Parshad,** Rs. 309 were expended on the upper works of a well constructed last year, and Rs. 624 on a new well in Anapura, the depth of which is 69 feet, and capacity four buckets, commanding an area of about 30 bighas. Rs. 5 on a kacha well and Rs. 62 on Overseer's salary were further expended.

A tank was constructed on Waris Hussain's estate at a cost of Rs. 971. This will command 50 bighas of rice cultivation at the kharíf and 25 bighas at the rabi season, besides affording a drinking supply for the village people and cattle, and is said to be a most useful work. A well is under construction and will be finished next year.

As rents are already as high as can be expected, no increase has been sought from the tenants.

12. *Jaunpur—Dube estate.*—A large sum was spent on the Rája's residence. To agricultural improvements proper, pertain a mango grove planted in usar land near Harihargunj, which is said, so far, to be promising well. A well sunk last year at Bangaon was completed this year, while a half masonry cylinder well was sunk in Bagh Bakrabad. Pucka platforms were added and four old wells and three other wells were repaired. Rents have been enhanced, but to what amount is not stated. The total expenditure on all works, buildings included, was Rs. 9,426.

13. *Gházipur.*—The total sum expended in improvements on *Gouri Shankar Parshad Singh's* estate was Rs. 3,200.† The improvements consisted of three embankments constructed in mauza Dewal at a cost of Rs. 1,700, from which a return in increased rental is to be looked for.

In the Ballia district portion of the estate two new masonry wells have been constructed at a cost of Rs. 300 and commanding 40 bighas of land. In the Allahabad section a well costing Rs. 1,000 was sunk, which commands 30 bighas.

The management has further the construction by tenants of the village of Kosi of a new tank and the repair of an old tank, whereby it is likely that the irrigated area will be increased by 100 bighas, and other six masonry wells have been constructed by tenants with aid in material from the estate. Tenants in the Ballia section have in like manner been induced to construct five wells and one tank.

Tenants have also in all these sections planted mango trees under conditional agreements with the estate to the number of 377.

As remarked last year the management in this district is progressive and interested in improvement.

* *Note by Board.*—See also remarks against the Gházipur portion of the estate.

† *Ditto.* —Inclusive of Rs. 1,000 spent in Allahabad.

14. *Gorakhpur.*—The principal portion of the expenditure was carried out under the Board's Engineer. On the *Majhauli* estate Rs. 3,688 were spent on a house for the Manager, which at the close of the year was nearly finished. It was intended at the outset to expend Rs. 7,000 on pucka wells, but only Rs. 3,082 was spent in starting 13 wells, and none of the wells was completed; to the above sums have to be added Rs. 771 as Mr. Copeland's pay and Rs. 24 for training apprentices.

At Barhaj the management built a sarai costing Rs. 1,000 and improved the bazár in various ways at a total cost of Rs. 549. Rs. 87 were laid out on a nursery for avenue trees and one mile of road was planted out. A granary was built for Rs. 75. A drainage canal, dug at a cost of Rs. 67, is stated to have proved a great success.

On the *Dumri* estate expenditure by the management was as follows:—

On repairs to bazárs and estate buildings Rs. 1,025 and on embankments Rs. 74; on repairs to wells Rs. 123; on filling a silo Rs. 21, and on miscellaneous works, chiefly in connection with the garden, Rs. 882. Plantations of sissu were formed at an outlay for the year of Rs. 675, and attention was given to maintaining avenues. A granary was built for Rs. 80, and a sum of Rs. 1,445 was expended in clearing lands in the Gauri jungle.

The Board's Engineer carried out work at a total cost of Rs. 9,168 for work, and of Rs. 3,051 as pay of himself and apprentices. The detail of work shows that four new wells were constructed and that 28 out of the 50 wells sunk in 1883-85, which were left resting on the sand, were sunk five feet lower and plugged with concrete.

2. Bridges on the Dumri Hata road were finished at a cost of Rs. 472, including a third bridge with sluice-gate entirely constructed within the year. The Baisi bridge was completed at the end of August at a cost of Rs. 1,008.

Rs. 525 was spent in carrying the Pipraich road to the Jhanda nala, where work had to be stopped for the year, owing to disputes with the proprietors through whose land it passed.

The tank at Dignea was completed at a cost of Rs. 583 and a small sum spent on another tank. Metalling over the Saranja bandh was completed and work was in progress for metalling the Baisi bandh, the amount expended being Rs. 642. On the Dumri tank Rs. 137 were spent in repairing the old ghát and slopes. A new ghát had been resolved on, but was abandoned after further consideration.

A very useful work appears to have been that of constructing 26 shops in the Chaura bazár in addition to 25 built last year. The expenditure came to Rs. 1,332, and it is stated that nearly all the shops have been taken up, being near a station on the Bengal and North-Western Railway.

For the *Chaumukha* estate Rs. 2,775 were sanctioned, but it was only found practicable to spend Rs. 1,817, as follows:—

On three new wells to completion and three in part, Rs. 1,025. On five *jagats*, or platforms, to wells built last year, Rs. 240. On repairs to old wells Rs. 67 and repairing Manager's kutchery Rs. 81, with supervision charges for the whole at Rs. 183.

Of two nurseries one was abandoned and the other maintained at a cost of Rs. 51, including the planting out of one mile of road.

On the Narharpur estate Rs. 48-8 were expended on a kucha-pucka well for drinking purposes and Rs. 5 in drainage.

The only estate apparently on which enhanced rent was obtained, was Dumri, where Rs. 208 were realised.

15. *Jalaun.*—On the *Beona* estate Rs. 50 was expended on repairing a well. It appears that the tank constructed or repaired in the previous year will not hold water, and it is believed that in carrying on excavations the clay bottom has been pierced, so that puddling will be necessary. On the Kukurgaon estate, the pucca well under construction in the previous year has been completed at a cost of Rs. 441. The drain constructed last year has produced Rs 17 this year in increased rents. fifteen bighas of tree jungle were cleared at a cost of Rs. 40 for cultivation.

encouragement of Muhammadan education, and which were reported in Board's No. $\frac{299}{X-38}$, dated 16th February, 1886. Particulars

ORDERS OF GOVERNMENT.

No. $\frac{14A.}{1-427}$ OF 1887.

FROM

THE CHIEF SECRETARY TO GOVERNMENT,
N.-W. PROVINCES AND OUDH,

TO

THE SECRETARY TO THE BOARD OF REVENUE,
NORTH-WESTERN PROVINCES.

DATED ALLAHABAD, THE 8TH NOVEMBER, 1887.

SIR,

REVENUE DEPT.

I AM directed to acknowledge your No. $\frac{789}{X-104}$, dated 10th August, 1887, being the Board's report on the estates under management of the Court of Wards in 1885-86. Some instances of delay by Commissioners in submitting the estates' reports are noticed by the Board; the Commissioner of the Meerut Division being particularly mentioned as having retained two reports in his office for five months.

2. The total number of estates in the charge or under the superintendence of the Court of Wards during 1885-86 was 124. As, however, some of these are held under more than one clause of section 194, Act XIX of 1873, the account showing the number of estates against each clause gives a total of 147. Of these, 97 belong to minors and females, seven to lunatics and imbeciles, and 43 to persons whom the Local Government has, at their own request, declared to be disqualified for managing their property. The following figures for 1885-86 and the preceding year show a continued decrease in the amount of property held under management:—

	Number of estates under the Court.	Total area.	Population.	Rental demand of the year.
		Acres.		Rs.
1884-85	128	1,473,730	1,315,305	20,80,895
1885-86	124	1,011,612	1,222,558	19,92,915

The Government has approved the principle of releasing, where possible, estates held solely for the purpose of clearing off their liabilities; of this class, three estates (Kazi Muhammad Abbas, Powayan, and Dubari) were released during the year of report, and the Board state that the Ramgarh estate will probably be released in 1886-87, and Muhamdi Begam's estate in 1887-88.

3. Of the nine estates which came into the charge of the Court in the year, seven belong to minors: five of these were made over by order of the Civil Court, and two taken by the Court of Wards on its own motion. The most considerable property made over by the Civil Court under the Minors Act (XL of 1858) was Batak Prasad's in the Jaunpur district. This is encumbered with a debt of Rs. 40,000 to the Sherkot estate: the

debt had been reduced by Rs. 5,796, paid from current profits, at the end of the year, but the Board found it necessary to order the sale of six villages to set the estate free. Two estates only, Muhamdi Begam's in Moradabad and Bara in Allahabad, were assumed from persons disqualified on their own application. Both properties are much involved; but special reasons existed in each case for extending help to the owner. Muhamdi Begam's debts amount to Rs. 96,534, and sale of six villages has been ordered: it is hoped that six more may be saved to the owner, and the property will (as noted in paragraph 2 above) be speedily released. To save the Bara property it has been necessary to give it on usufructuary mortgage to Partab Chand's estate in return for a loan of Rs. 2,34,227; the eldest son of Rája Banspat Singh (the disqualified proprietor) is employed as Assistant Manager.

4. In connexion with the Bill relating to guardians and minors, which is before the Government of India, the Board (paragraph 12) cite, as an instance of the necessity for restricting the action of the Civil Courts, a case in which a Judge made over a minor and his estate to the Collector, the whole profits of the estate amounting only to Rs. 18 per annum.

5. The total rental demand of the year (appendix III) was Rs. 19,92,915, besides Rs. 1,90,601 due for arrears. The total collections amounted to Rs. 19,43,507, or 98 per cent. on the current demand, and 89 per cent. on that and the arrear demand combined; and they would have been still higher but for destructive floods in the Aligarh district, and the release of large estates in Rohilkhand before the rabi rents could be realized. Rupees 28,486 out of the total arrears (Rs. 2,40,010) is reported as irrecoverable: of this Rs. 20,449 belongs to the Dube estate in the Jaunpur and Azamgarh districts. It is remarked that the jamabandis in the Azamgarh portion of the estate were in much disorder, and the condition of the village records, which is disclosed by the Court of Wards' management, urgently calls for the attention of the Board of Revenue, who should ascertain whether it is common to the whole district or confined to the estates under their management, and lose no time in either case in enforcing a remedy.

6. The total fund available for expenditure in 1885-86 was Rs. 31,86,372: of this Rs. 29,70,977 were disbursed, and a cash balance retained of Rs. 2,15,395. The management charges (Rs. 1,52,274) were satisfactorily low, being little above 5 per cent. of the total disbursements. Ordinary personal expenses were Rs. 1,67,058 and extraordinary Rs. 64,983: the largeness of the latter figure (against Rs. 33,491 in 1884-85) is due to the marriages of four wealthy wards. Rupees 1,05,370 were spent on improvements undertaken on 47 estates, Rs. 3,35,408 represent advances made by one estate to another, and Rs. 6,06,522 were paid towards liquidation of debts. The condition of the five State loans is shown in appendix No. VIII; the only considerable arrear is that for principal and interest from the Arjanpur estate (Rs. 5,985); the Board explain that the year was a calamitous one for the tenants, and that harsh measures for recovering the estates' dues were not considered advisable. Rupees 89,539 of the estates' surplus was invested in

Government securities during the year, and Rs. 68,223 in land and houses. Sixty-two estates had a surplus, that of four of them being above a lakh of rupees.

7. The Wards' Institution at Agra was opened on 1st February, 1886, and up to the end of the year 12 wards had been admitted to it for education. The Lieutenant-Governor observes with satisfaction that Mr. Robertson is able, from a personal inspection, to report favourably on its management. The letter from the Director of Agriculture and Commerce, printed as appendix C to the report, gives an interesting account of the various operations, whether of well-sinking, cattle-breeding, or experimental cultivation, which have been undertaken during the year. The abolition of the Special Engineers was noticed in the review of last year's report. It is hoped that the officers in charge of estates will still use every effort to extend well-irrigation wherever such extension is possible, and will continue to consult the Director of Land Records and Agriculture in all matters relating to agricultural improvements.

8. The cost of management on the estates where special managers were employed in no case exceeded 8·2 per cent. of the normal income, and the average percentage was 6·5. The managers appear to have been well selected, and the results of their work are reported as highly satisfactory in all districts: besides the obvious advantage of relieving the district staff of additional work not within the scope of their regular duties. The application of this system to a number of small estates in the Gházipur and Ballia districts indicates the possibility of its more extended adoption elsewhere.

9. The encumbrances on all estates held by the Court had been reduced by the beginning of 1884-85 to Rs. 19,49,697, of which Rs. 4,33,934 were paid off during that year. The debts on the estates which came under management in the year of report brought the amount of encumbrances up to Rs. 22,14,319 (excluding interest): of this Rs. 6,06,522 were paid off. On the great majority of estates, the debts have been much reduced since they came under the charge of the Court of Wards. By far the largest outstanding debts are (1) Rs. 2,72,309 on the Bara estate, which has just been taken over, and (2) Rs. 2,23,400 on the Majhauli estate: this debt has, however, been reduced from an original figure of Rs. 7,55,528.

10. The receipts of the benevolent trusts over which the Board exercise supervision (Statement No. XIII) amounted to Rs. 39,321, against Rs. 40,913 in 1884-85. The expenditure (Rs. 39,525) was somewhat in excess of the receipts. The excess of disbursements over the receipts of the year was considerable in the case of some trusts (*e.g.*, Rája Kali Shankar Ghosal's Asylum, and Bhábar Cultivators' trusts): and Statement No. XIII might apparently be completed with advantage by columns showing opening and closing balances. The total cash assets of the various trusts at the end of the year were Rs. 2,43,538. The Board might consider whether Statement No. XV might not with advantage be amended so as to show, besides the Government securities

which form the corpus of some trusts, the capitalized value of the real property which forms the corpus of others. A small trust for establishing a Sanskrit Teachership in the Anglo-Vernacular school at Ballia has since been added to the list of educational trusts controlled by the Director of Public Instruction. Their total income in the year was Rs. 43,466, and surplus of preceding years Rs. 8,605; Rs. 43,875 were expended for the various objects of the trusts.

11. The civil litigation of the Court of Wards is dealt with in the Legal Remembrancer's report. The success of their administration reflects much credit on the careful supervision which is exercised by the Board of Revenue over this Department, and His Honor desires to acknowledge the services of the officers who are specially commended in paragraph 40 of their report.

I have the honor to be,

SIR,

Your most obedient servant,

W. C. BENETT,

Chief Secy. to Govt., N.-W. P. and Oudh.
